WHO WE ARE

We're redefining premium living in Africa!

From concept through construction, we turn spaces into extraordinary edifices.

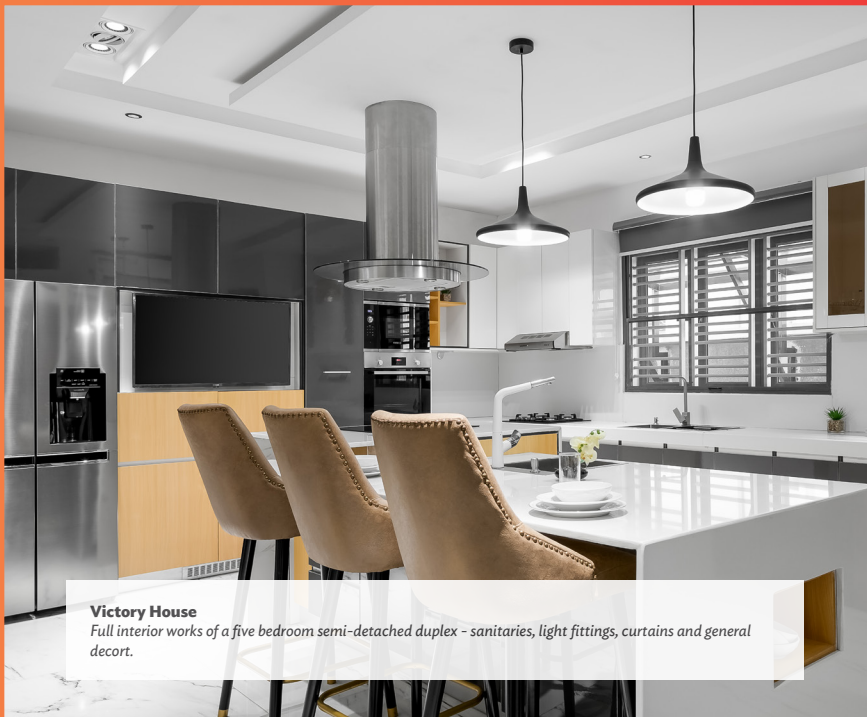

An aerial night-time rendering of a modern, two-story duplex house. The house features a mix of white, grey, and wood-grain exterior panels. It has a flat roof with a rooftop garden area on the upper level, complete with potted plants and a small railing. A carport with a white roof is attached to the side, sheltering a silver car and a red car. The house is surrounded by lush green trees and a paved driveway. In the background, a city skyline is visible under a twilight sky. The house is illuminated with warm interior and exterior lighting, creating a cozy atmosphere. A street with a sidewalk and a street lamp is visible in the foreground.

House O.B.O

4 Bedroom duplex with a BQ, ante room, lounge, dining, kitchen and a master bedroom in the penthouse, with the main lounge having a double volume ceiling. It also has a gym and a pool.

Works

Victory House

Full interior works of a five bedroom semi-detached duplex - sanitarries, light fittings, curtains and general decor.

Bwat House

5 Bedroom duplex and a BQ. It includes an ante room, 2 lounges, a kitchen, dining, laundry, a pool and a gym. The main lounge and dining each have a double volume ceiling. The master bedroom and penthouse are connected by a private spiral staircase.

Chris Woods

House Mur Blanc

7 Bedroom duplex with 2 bedroom servant quarters. It includes an ante room, 3 lounges, dining, a massive kitchen, store, laundry, gym, 2 staircases, and a study. The penthouse and master bedroom have massive walk-in closets. It also includes a pool.

It's an experience,
It's a lifestyle,
**It's your dreams &
more!**
